

Conference “Equity market – source of capital for enterprises” in Tarnow

2009-01-06

On January 16, 2009 a conference “Equity market – source of capital for enterprises” will be held in Tarnow with patronage of the Treasury Minister, the head of the WSE and the President of Tarnow.

Representatives of Tarnow region-based energy sector companies will participate in the event, during which the possibilities of raising capital from the equity market – both the main market of the WSE and the alternative investment market NewConnect will be presented. WSE representatives will present the advantages of investing on each of these markets.

Representatives of NewConnect-listed will speak about their own experience connected to the NewConnect debut and raising the capital for development from that market.
